**Dr. Frank I. Luntz**
Founder & President, Luntz Global

*Tuesday, May 3*

*Sponsored by: CoverMyMeds*

Dr. Frank Luntz is one of the most honored communication professionals in America today. “The Nostradamus of pollsters,” said Sir David Frost, while *Time* magazine named him one of “50 of America’s most promising leaders aged 40 and under.” In 2012, he finished 87th in a *Time* magazine global poll of the “most influential people in the world.” Frank was named one of the four “Top Research Minds” by *Business Week*, “the hottest pollster” by *The Boston Globe*, and was a winner of *The Washington Post*’s coveted “Crystal Ball” award for being the most accurate pundit. Luntz’s focus groups have become so influential that during President Barrack Obama’s candidacy, he said the following at the PBS presidential debate: “When Frank Luntz invites you to talk to his focus group, you talk to his focus group.”

The “Instant Response” focus group technique pioneered by Frank has been profiled on *60 Minutes*, *Good Morning America*, and on PBS’s award-winning *Frontline*. He has been a guest on virtually every talk show in America. Frank has worked for 50 Fortune 500 companies and CEOs, but he’s best known for political commentary. More media outlets have turned to Luntz to understand the hopes and fears of Americans than to any other political pollster. Since 2007, Frank has been the “Focus Group Czar” for *Fox News*, conducting over 100 sessions in more than 20 states, as well as co-hosting several live hour-long prime time specials and dial sessions during every presidential debate.
